C&E 20TH ANNIVERSARY SUMMARY

This month marks C&E's 20th Anniversary! Thank you to all our Owner's for their hard work and inspiration of opening this great company and providing us employees with employment for the past 20 years! As employees we have also contributed to this company's success with our dedication and innovative ideas. C&E is a unique organization not only because of the work we do but because of the culture we have. A family-oriented environment that you do not see in any other company. At the same time, we inspire to move forward and keep in the know of all the new trades and technologies!

Isidro R. Valles, CFO- Previous Business Owner of his own plumbing company brought all his Licenses and Certifications to make C&E operate and has continued his education throughout the years for continuous credits for all necessary requirements to run C&E.

C&E EMPLOYEES

We would like to thank all of our veteran employees who have been with our company for more than 10 years. In particular, to Johnny, Kenny, Isaac, Adrian and Gabby and all our field staff who have been with us for years. I could go on and on because we have several employees here that fit this. We are very fortunate to have long-term employees. The following employees in particular have been the foundation of C&E. The rest of us have come in to make C&E expand and make it brighter. However, all of us make C&E great and all bring a piece to table and are all appreciated to the max!

ACCOMPLISHMENTS

In this year particularly we have expanded our horizons. We incorporated an area for training at the C&E Main office in the Estimating Department. This equipment was purchased for the Field Management Team and all other corresponding departments. We have also enhanced our warehouse and materials. Not to mention our marketing partnership with AGI.

In addition, we have acquired new company vehicles. I am very proud to say we are moving up in every right direction. Since my term here from 2015-2019 every year we lean towards a bigger corporation. Let's keep up the good work and keep our customers happy and coming in!
